

Blue Bactericidal Lotion Soap – 6x1L Auto Cartridges

Variant code: HS13.50.81

Modu Hygiene Blue Bactericidal Lotion Soap: Powerful Hygiene, Personalised Branding

Ensure exceptional hand hygiene and elevate your brand image with Modu Hygiene's Blue Bactericidal Lotion Soap. Specifically formulated for demanding environments where infection control is paramount, this high-quality lotion soap effectively kills a wide spectrum of bacteria, providing a safe and hygienic experience for your users.

Our Blue Bactericidal Lotion Soap is gentle on the skin despite its powerful cleansing action, making it ideal for frequent use in healthcare facilities, food processing plants, educational institutions, and other high-traffic areas. Its mild formulation helps to prevent dryness and irritation, promoting hand hygiene compliance.

Key Features & Benefits:

- **Powerful Bactericidal Action:** Effectively eliminates a broad range of bacteria, helping to reduce the risk of cross-contamination.
- **Gentle on Skin:** Formulated to be kind to hands, even with frequent washing.
- **Unfragranced:** Leaves hands feeling fresh and clean with a subtle, pleasant clean scent.
- **Cost-Effective:** Available in bulk sizes to suit your business needs and help manage operational costs.
- **Ideal for High-Risk Environments:** Perfect for hospitals, clinics, kitchens, schools, and any setting where hygiene is critical.
