

Unperfumed Pre-Work Conditioning Cream – 6x1L Auto Cartridges

Variant code: HS13.50.94

A highly effective barrier cream containing a skin moisturiser to ensure the skin is kept in a smooth and supple condition. The product has been designed as a universal application cream and is suitable for both wet and dry work. It is long lasting, non-tacky and non-slippery on the hands. It's skin conditioning properties makes it ideal as an after work reconditioning cream. No added lanolin or perfume.

Complies with EC Cosmetic Products Regulation (EC) No 1223/2009.

Biodegradable to EC guidelines (greater than 80% biodegradable in 28 days).
