Modu Hygiene Antibacterial Foam Soap: Powerful Germ Protection, Personalised for Your Brand

Maintain superior hygiene and reinforce your brand identity with Modu Hygiene's Antibacterial Foam Soap. This premium, high-efficacy foam soap is specifically formulated for businesses seeking robust germ protection for their staff and customers. Ideal for high-traffic areas in healthcare, hospitality, education, and commercial environments, our antibacterial foam soap provides a gentle yet powerful cleansing experience, effectively killing harmful bacteria while leaving hands feeling soft and refreshed. Complies with EN1276 and EN13727, killing 99.9% germs in 30 seconds. Unscented, making it ideal for use in healthcare and food processing areas.

Key Features & Benefits:

- **Powerful Antibacterial Action:** Formulated to meet stringent hygiene standards, effectively reducing the spread of germs and promoting a healthier environment.
- **Gentle on Skin:** Despite its powerful antibacterial properties, the mild foam formula is gentle on hands, even with frequent use, preventing dryness and irritation.
- **Cost-Effective Solution:** The foaming action creates a rich lather with less product, making it a more economical choice compared to traditional liquid soaps.
- **Hygienic Dispensing:** Designed for use with compatible foam soap dispensers, ensuring a touch-free and hygienic dispensing process, minimising cross-contamination.
- **Bulk Availability:** Available in convenient bulk sizes to meet the demands of your business, reducing the frequency of refills and streamlining your supply chain.
